

Nimbus Analytics - Company Overview

Nimbus Analytics was founded in 2016 in Rotterdam and builds the Nimbus Insight analytics platform. The company has 180 employees in three offices: Rotterdam (head office), Lisbon and Toronto.

Mission: help every team make decisions with live, trustworthy data.

Company values: be curious, be candid, ship small and often, own the outcome.

Leadership: CEO Mara Visser, CTO Daniel Okafor, CFO Ines Duarte.

Working hours are flexible. Core collaboration hours are 10:00 to 15:00 local time, Monday to Thursday. Fridays are meeting-free focus days.

Every employee gets a yearly learning budget of 1,000 EUR for courses, books and conferences, approved by their manager.

The all-hands meeting takes place on the first Thursday of every month.
